

On the Way to Kindergarten Enrichment

As you and your child prepare for a new school year, many exciting changes are in store! Here is a preview from the Kindergarten Enrichment teacher regarding what to expect next year.

Kindergarten Enrichment Highlights

- Smaller class size/extra support to be ready for Academic Kindergarten
- One-on-one instruction time
- Handwriting without Tears curriculum
- Letters taught in developmental order with manipulatives
- Songs and movement incorporated into learning

What Will Be Expected of Your Child

- Students participate in IRI/Aimsweb testing in fall, winter, and spring
- Develop letter/sound and number skills
- Develop listening/language skills
- Develop social interaction/courtesy skills
- Develop fine motor/writing skills

How You Can Help Your Child Be Successful in Kindergarten Enrichment

- Check and return your child's take-home folder/backpack daily
- Help your child get plenty of rest and a good meal before school
- Help your child take care of their library books and return them
- Help your child complete homework that is sent home
- Praise your child for work well done and encourage him/her
- Make sure your child attends school on a daily basis
